**Reference: CC Docket No. 97-213 and File No. NSD-L-00-234**

Dear Ms. Dortch:

Please find enclosed an original and two (2) copies of an amendment to the Grand River Mutual Telephone Corporation (TRS #803028), Lathrop Telephone Company (TRS #802488) and South Central Communications (TRS #803833) (collectively known as the "Company") existing Section 107(c) petition(s) for an extension of CALEA capability requirements. **The** Company is a wireline carrier. This amendment is a request for **an** additional extension until June 30, 2004, of the existing 107(c) petition for extension of the compliance date for the six additional assistance capabilities known as the punch list, as currently defined. In its original petition, the Company had requested a compliance date waiver for the basic J-STD, in addition to the punch list. Based on the Company's current network capability it no longer requires a waiver of the basic J-Standard requirement.

The Company is participating in the FBI's Flexible Deployment program. Attached is a copy of the Company's data, as submitted to the FBI.

Please return the stamp copy in the enclosed SASE. If **there** are any questions, I may be reached at 719.594.5814.

Sincerely,

Terence D. Robinson  
Senior Consultant
